Re: [REDACTED] 93 Chung Hau St, Homantin, Kowloon

We are writing in reference to Tiron Interior Architecture Ltd, the interior design and project management firm with whom we worked recently towards a very successful outcome.

In 2013, we decided to renovate my existing home which lives for 10 years. We hope look for a new lifestyle. We chose Tiron as our sole service provider to assist with our plans.

We were very impressed with Timothy Cheng for his support on our new dream home as well as Tiron's method of working. They took the time to listen carefully about our needs as we began our relationship.

Tiron was able to perform a quality job and especially completed all construction work on time. Throughout the re-renovation period, we found professionalism, dedication and commitment from the project team.

We highly recommend Tiron. They took pride in every aspect of their work. We are very pleased with our new gallery relocation, we are again thankful for their continuing support.

Please don't hesitate to contact me if I may be of further assistance.

Re: Home Renovation at [REDACTED] Emerald Green

We are writing in reference to Tiron Interior Architecture Ltd, the interior design and project management firm with whom we worked recently towards a very successful outcome. In mid 2011, my husband and I decided to refurbish our new house. We chose Tiron as our interior design service provider.

It is rare to find a project designer who always immediately answers your calls, emails and questions and with their level of follow-through throughout the process. We were mostly impressed with Tiron's creativity, innovation and attention to detail. They took the time to listen to the plans we had for our house and gave us some excellent advice and ideas. Tiron has very successfully made use of elements like floating table, glass wall between rooms, spotlight-less lighting, mechanical and electrical management, and most importantly, the creative concept behind the design - our focuses on special illumination effect, maximization of spaciousness, and elements of humour in our daily lives. In addition to the face of several design changes and innumerable questions from us, they coordinated very well with the building management office and all related parties to achieve the project, which had made the project run smoothly and painless.

We would recommend Tiron without hesitation to anyone looking for a designer to work on their home for any job - large or small. We wanted to take a moment to sincerely thank you for the first-rate job they did on our new cosy and creative home which we are sure we will enjoy it for years to come.

我對於鄭林的做事模式及設計手法有深刻的印象。自一開始合作，鄭林十分花時間仔細聆聽我對新居設計的構思，因為我們想像的是一個有趣味性的新居。鄭林利用了很多有原創性的元素，比如懸浮的桌子、房間之間的玻璃牆、無射燈照明、與設計相應的機電工程，以及最重要的，在設計背後的一個概念：我們的著眼點是特別的照明效果、最大的空間感，以及能夠最出生活中的幽默感。繼而在項目統籌中，鄭林亦擔任與管理處及所有有關人士作溝通及協調的角色，免卻我們不少麻煩。

我們十分滿意鄭林簡潔舒適而帶原創性的設計，所以我極力推薦鄭林。在此我想再一次多謝鄭林的幫助和支持，帶給我們一個溫暖的家。

Attn: Timothy Cheng (Managing Director)

Dear Sirs,

Re: Conference Room Re-renovation at Unit 2904, Universal Trade Centre, 3 Arbutnot Road Central, HK

We are writing in reference to Tiron Interior Architecture Ltd, the interior design and project management firm with whom we worked recently towards a very successful outcome.

In 2012, GBST Hong Kong Ltd decided to re-renovate our Hong Kong office – conference room and build a new pantry bar table in a very short period of time, 4 days!

Our management team was very impressed with Timothy Cheng for his support on our company, as well as Tiron's method of working. They took the time to listen carefully about our company and our needs as we began our relationship.

Despite tight work schedule, Tiron was able to perform a quality job and deliver the project on time. Throughout the re-renovation period, we found professionalism, dedication and commitment from the project team.

We highly recommend Tiron. They took pride in every aspect of their work. We are very pleased with our new office relocation, we are again thankful for their continuing support.

Please don't hesitate to contact me if I may be of further assistance.

Yours sincerely

We are writing in reference to TiRon Interior Architecture Ltd, the interior design and project management firm with whom we worked recently towards a very successful outcome.

In the first quarter of 2010, Cantor Fitzgerald (HK) Capital Markets decided to upgrade our Hong Kong office, as our business had grown. We chose TiRon in January as our sole service provider to assist with our plans, which included new office extension, and interior design.

Our management team was very impressed with Timothy Cheng for his continued support of our company as well as TiRon's method of thinking. They took the time to listen carefully about our company and our needs as we began our relationship. They then produced imaginative design ideas and practical floor plans, which incorporated our IT and AV changes and upgrades. They helped make the best use of our project budget, and worked with us to plan for the future.

We needed to make these planned improvements without disrupting our daily operations, and TiRon worked with their contractor team and our staff to ensure that the construction was clean, well-organised and considerate of our business operations. For example, they planned the work schedule to avoid interruptions to our computer system, which is of the highest importance for an investment bank such as ours. They also helped coordinate the connection in stages of each of our business groups, and made sure that the new locations were ready on the agreed dates.

We highly recommend TiRon. They were very competent, understood our needs and communicated well with our management. They took pride in every aspect of their work. We are very pleased with our new office extension, and the project was achieved on time and within budget. We are again thankful for their continuing support.

Please don't hesitate to contact me if I may be of further assistance.

Yours sincerely

We are writing with reference to TiRon Interior Architecture Ltd, the interior design firm, with whom we worked recently towards a very successful outcome.

In 2010, our school decided to transform the corridor on the first floor into an 'Arts Gallery Lounge' for the artistic development of our students. We chose TiRon as our service provider to assist with our plans.

We were very impressed with Timothy Cheng, the project leader, for his continuous support to our school as well as TiRon's overall planning and implementation. They took the time to listen carefully to the vision and needs of our school at the planning stage. They then came up with imaginative design ideas and practical solutions, which integrated lighting, graphic work and door signs. They also utilised the best use of our project budget, and worked with us to plan for the future. TiRon was well-organised and considerate of our needs. They also helped coordinate the work involving each of our departments.

We highly recommend TiRon for their professional service. They were very competent, understood our needs and communicated well with our management. They took pride in every aspect of their work while we are very pleased with our new Arts Gallery Lounge. We are again thankful for their dedication and commitment.

Please don't hesitate to contact us if we may be of further assistance.
